## Pearsall Must Hang.

The judgment of the Fayette Circuit Court, in the case of James Pearsall against the Commonwealth, inflicting the death penalty, was upheld by the Court of Appeals. The appellant, a negro, was indicted for an attack on Mrs. Lizzie Wagner on the night of January 21, 1905, in Lexington.

## His Third Term.

The Democratic Executive Committee of the Second Congressional district resolved itself into a convention and nominated the Hon. A. O. Stanley for Congress. On election he will begin his third term in the Lower House of Congress.

## Given a Little Airing.

Caleb Powers was taken to Cincinnati Saturday that he might consult an oculist, his eyes being in very bad shape on account of excessive reading and writing. The noted prisoner appeared to enjoy his temporary freedom.

## Sustained a Shock.

The San Francisco Relief Committee sustained a shock Saturday when it was learned that only \$300,000 would be available of the \$2,500,000 appropriated by Congress, the remainder having been expended by Secretary Taft for the purchase of supplies in the East.

## Another Lexington Murder.

Crazed by whisky and bent on wreaking vengeance against members of the white race, for whom he is alleged to have had an intense hatred, Aaron "Dubois" McCabe, a negro, rushed into the saloon of P. W. Green, on the corner of Mill and Water streets, at Lexington, about 12 o'clock Sunday morning and without a moment's warning began firing at Martin Clark, the barkeeper. A bullet pierced his heart and he sank to the floor behind the counter and expired instantly. About 20 persons were in the saloon at the time.

## DEATHS.

Mrs. Annie Vallandigham Sharrard, widow of the late Samuel R. Sharrard, died at her home in Louisville Friday. Mr. Sharrard was a brother of Elder J. T. Sharrard, and was born and raised in this city.

The funeral of Mrs. C. C. Moore, Jr., who died in Washington last Tuesday, took place at the chapel in Lexington cemetery, the Rev. C. T. Thompson officiating. Mr. Ford Brent, of this city, was one of the pall-bearers.

Mrs. Margaret J. Sageser, widow of James Sageser, died at the home of her son-in-law, A. D. Leach, near Centerville, on Saturday evening, about 8 o'clock. She was 82 years of age, and the mother of eleven children, seven of whom survive her, viz: William Sageser, Noah Sageser, Mrs. Lee Cox, Mrs. Thad Cummins, Mrs. Joe Leach, Mrs. A. D. Leach and Mrs. Thos. Leach. Mrs. Sageser was a gentle, lovely Christian woman, a devoted mother and true friend. At the time of her death she had been a member of the Christian Church at Antioch for 65 years, having joined the church there when she was only 17 years of age. The funeral services were held at the residence of Mr. A. D. Leach at 10 o'clock Monday morning, conducted by Rev. Dr. E. H. Rutherford, where a large concourse of friends and relatives paid tribute to her memory. Burial at Jacksonville cemetery.

## MATRIMONIAL.

Mr. Frank Lyons and Miss Ethel Curtis, both of this city, will be united in marriage at the Catholic parsonage Wednesday, Rev. Father James Cusack officiating. Owing to the recent death of the groom's brother it will be a quiet wedding. The groom is a trusted and highly esteemed employee of the L. & N. railroad and a very popular young man. The bride-to-be is a handsome and lovely young woman and admired by all who know her.

Prof. R. Alderman, of Sutherland, Florida, and Miss Jennie Kate Purnell, of this city, will be united in marriage on Commencement Day, May 22, of the College of Sutherland where both are teachers, in the presence of the whole school. Prof. Alderman is principal of the college and a successful educator. Miss Purnell is the daughter of the late Judge Wm. Purnell, of this city, and a young lady of many accomplishments, who has a host of admiring friends at her old home. After the wedding the couple will go to Colorado for the summer.

## GIVE US LADDER TRUCK.

The Taxpayers of Paris Demand It at Once.

The City Council, at last meeting, instead of buying the much needed ladder truck to insure the safety of life and property to the taxpayers of the city, ordered the Mayor to purchase two ladders, one 35 and one 45 feet long. These ladders will of course be left at the engine house, and after the wagon makes a run to a fire, the wagon will return for them, in the meantime the fire will gain such headway that there will be no chance to save the house. If you have no money as claimed, wait until you get some on hand, don't throw any away by buying two ladders which will be practically useless. At one time the citizens were proud of the Fire Department but that time has passed because the interest then manifested by the Council has dwindled away. The taxpayers want a truck and their interest should be first considered. If it calls for another paid man, well enough, employ one. Don't wait until it is too late and then try to make some lame excuse.

## OLD FUED RENEWED.

Thirty Shots Fired and One Man Wounded.

A fusillade of thirty shots in which one man was wounded Sunday night at Jackson marked a renewed outbreak of the feud spirit which has given so much trouble in Breathitt county. "Red" Tom Cokrell, Jake Noble and Tom Barnett besieged Beach Hargis, a relative of former County Judge James Hargis, in Harrison Hall. Barnett was wounded. The outbreak was precipitated by a brief quarrel between Hargis and Cokrell on the street an hour previous. Hargis was gotten safely to his home and further trouble averted.

Don't fail to call at A. J. Winter's & Co.'s new stand five doors below the old, new goods, new store and a thorough up-to-date watchmaker and jeweler.

## Lexington to Get Fair.

State Agricultural Commissioner Hubert Vreeland and Prof. M. A. Scovell, of the experiment Station at State College, will meet early next week for the purpose of mapping out a tentative program of the Kentucky State Fair for 1906. Commissioner Vreeland, in discussing the State Fair, said that beyond a doubt it would be held at Lexington this year, whether the permanent location is settled in that city or not. He also said he was almost sure Lexington would be selected as the permanent location.

## MEETS HORRIBLE DEATH.

Mangled Body of Austin Miller Found in L. & N. Yards.

The body of Austin Miller, aged about 35 years, was found early Sunday morning in the L. & N. yards near Winchester crossing at the depot, in a crushed and mangled condition. His head was crushed into a pulp, his brains being scattered along the track, and both legs cut off below the knees. The body was picked up by the yard crew and Coroner Kenney notified, who ordered it taken to Geo. W. Davis' undertaking establishment, where it was prepared for burial.

There were different opinions in regard to how Miller was killed, some believing that he had been murdered and then placed on the track to cover up the crime. He was last seen about 11:30 o'clock Saturday night, and he had been drinking heavily all day. The reason for believing it to be murder was a long cut as by a knife, across his breast and side.

Miller had been working for Mr. W. O. Butler, near town, and has a wife and three-year-old daughter living in Winchester. He was the son of Thomas Miller, of Nicholas county, and has a brother living in this county. He was also a brother-in-law of Leroy McDowell, of this county.

**GET READY TO DRESS UP.**

In about three weeks the Knights Templars of Kentucky will hold their State Conclave in this city, and we feel that our citizens do not realize the magnitude of this occasion. This will by far be the largest and most brilliant occasion ever witnessed in Paris or Bourbon county, and our people both of city and county, should as one person enter into it with such vim as will make the visitors think well of not only the town but of all the people in the county.

It is of vast importance that our city should be decorated especially along the line of march. The Decorating Committee have samples of decorations of every description, selling them at actual cost. The Committee has met with fair success, but we want to urge the people in general to take this matter up and assist the Committee in dressing up the city in her best Sunday clothes.

Think of it, between two and three thousand visitors here, composed of the best and leading citizens of Kentucky, many of whom will be accompanied by their wives daughters and sweethearts. When we say that many will be here, we mean it, for you can depend on these chivalrous Knights attending the State Conclave. We do not want them to go away and give our town and county a black eye, and we are sure they will not do it, for our people are the best on earth and always on the alert in fixing up for occasions of this kind and this article is only for the purpose of notifying them of the near approach of the time, fearing they might forget it was almost upon us, for such matters cannot be attended to in a day.

**AN EYESORE.**

One of the most flagrant eyesores in Paris is the old vacant lot on Main street between Ninth and Tenth streets, which is now being used for a general dump pile for the town. It is an eyesore of the worst kind, right on one of our principal streets to citizens, and what can you expect the opinion of visitors to be in regard to it. It is sincerely hoped that the city officials, if they have the power, will compel the owners of this property to enclose it with a high fence, if it is their intention to fill the hole up by letting every cart driver in the town use it as a dumping place for all of the rubbish that is removed from other premises when cleaned up and being put in sanitary condition. This lot has been idle and used for this purpose since the house on it burned years ago, and it is time that a high fence should hide it from public view.

**A PUBLIC BENEFACITOR.**

President Roosevelt's intense dislike of "the man with the muck rake" can hardly be wondered at, for "the man" has uncovered so many scandals that the Roosevelt Administration will go down in history as the most disreputable era of Republican supremacy. If there had been no muck the rake would have remained idle. Was not a rake necessary to uncover the insurance grafting, the postal frauds, the land frauds, the Panama grafting and mismanagement, and would President Roosevelt have prevented the exposure of these scandals, because it unmasked the corruption or connivance of some of the highest officials of the Republican party? It is no easy or pleasant task to wield the rake, but the man who does stir up the muck in an even-handed manner, telling the truth without fear, or favor, is a public benefactor. The fact is the Republican politicians had become so entrenched in power that the grafters thought that anything they did, however vicious, would be unobserved by the people, but the man with the rake with his publicity, exposed them and the Republican party which was responsible for them.

**PROF. MATTEUCCI**

Thinks San Francisco Was Affected by Mt. Vesuvius.

Prof. Matteucci, director of the observatory at Mt. Vesuvius, answering an inquiry regarding the possible connection between the outbreak of Mount Vesuvius with the California earthquake, said:

"Notwithstanding the distance separating Mount Vesuvius from California, and in spite of lack of exact coincidence between the eruption of the volcano and the earthquake at San Francisco, I believe that a close relation exists between the two phenomena, which I consider to be different effects of a common cause. The surface of the earth since the remote epoch of the formation of its solid crust has suffered laceration if it ceded to internal pressure, thus producing volcanic eruption, or, when it resists the pressure of incandescent masses below reproduces their motions, which we call earthquake.

"My opinion is that the eruption and earthquake have reciprocal and intimate connection, which is rendered most evident by the present phenomena at Mount Vesuvius and in California."

The feebleness and impotence of old age have more terrors to me than all the threatened torments beyond the grave. To wear and waste away while conscious of the change, is worse than hell after the body is decayed.

### The Watch as a Compass.

Few are aware of the fact that in a watch they have a very excellent compass. If you wish to use watches for such purposes, all you have to do is to point the hour hand to the sun, and the South is exactly half way between the hour and the figure XII. on the face of the watch. Inasmuch as each minute is marked off, there need be no difficulty in calculating this accurately. For instance, suppose you pulled out your watch exactly at 4 o'clock in the afternoon, the figure II. on the dial plate would be due South if the hour hand were facing the sun.

### BIBLICAL ARGUMENT

Which Completely Floored the Great Gladstone.

Dorothy Drew, Gladstone's little grand daughter, one day positively refused to get up, and her grandfather had to be called to overawe the rebel. "Why don't you get up, Dorothy?" he asked. "Because the Bible doesn't approve of early rising, grandfather," was the unexpected reply. "Really, Dorothy," said the astonished statesman, "you must be mistaken." "Oh, no, I'm not," she persisted. "Here it is." And she turned to the second verse of the 127th Psalm: The old parliamentarian had nothing more to say. The argument floored him.

### HE APOLOGIZED

After Being Called Down by Manager Humbert.

She has bright eyes, rosy cheeks, and an awful weighty estimate of the proper confines of propriety. It is an invariable rule of hers to observe that subtle barrier of modesty which all well ordered young women should observe, and, better still, she prides herself on making the sterner sex observe this barrier in all its invisible but nice distinctions.

Then how this incident must have shocked her!

Being a telephone girl it is the obnoxious duty to hold converse with the "mean things" of the world—otherwise known as men. The other afternoon a subscriber called for a certain number in Louisville.

"What number did you say?" she cooed.

"Louisville 33333-z, quick."

"I can't understand; please repeat it."

"Blank, blankety blank, x y z!!!"

"Well if you don't say what number you want I can't give it to you. I'm not going to fool here all day."

"New keep your shirt on, little girl; keep your shirt on—"

But the subscriber got no further; she slammed up her cam, rushed to Manager Humbert with flaming cheeks and reported the subscriber. The manager rigidly said that subscribers had no right to comment on how his employees should treat their wearing apparel, and demanded that the subscriber apologize or lose his phone. The subscriber was willing, for he could not do without a Bourbon Home phone. He called up the girl with the bright eyes and said:

"Are you the young lady whom I told to keep her shirt on?"

"Yes," was the curt rejoinder.

"Well, possibly I was a little hasty. It may be a little warm in your office, so now you may take it off."

### Salaries of Nicholas Officials Fix ed

The Nicholas County Fiscal Court met Wednesday morning to take up turnpike claims and reconsider the question of the salaries of the county officials. The salary of the County Attorney was raised to \$500 a year and the Superintendent of Public Instruction was increased from \$500 to \$550. Judge McNew asked that his salary be raised from \$800 a year to \$1,000, but the court refused to reconsider the salary as fixed.

### Good News to Women.

### NO CONTEST

But a Plain Business Proposition.

Chance to Make \$50 in Gold.

Every Young Lady in Bourbon Eligible.

People are always crying "keep the money at home," and to help carry out this motto the Bourbon News is going to make a plain business proposition to the young ladies of Bourbon county, whereby they can take a trip to any place they desire and at the same time assist in pushing a home enterprise along without any scrambling contest whatever and also at the same time everybody will get value received for their investment. This is no contest where there will be any disappointments. No contest where some young lady will run in the lead until the last minute and then the one who has been running last to come in and defeat her by having her friends to buy enough coupons or subscribe for enough papers, to make her win over the one that has led throughout the contest. Our proposition is no fake, but simply a plain business proposition and is as follows: Any young lady of Bourbon county who will bring to the Bourbon News office on or before July 15th, 1906, 75 cash subscribers we will give her \$50 in gold, to be used as she likes. Any old subscriber who is in arrears and pays up to date and for one year in advance to any of the young ladies who accept our offer will be counted in their list of new ones. This proposition is open to every young lady in the county, and just as soon as you hand in the seventy-five names with the cash subscriptions, the \$50 in gold will be handed to you. **SWIFT CHAMP,**

### A. O. H. Resolutions.

Whereas the Allwise Father, has seen fit, in his infinite goodness to call from our midst Brother Geo. T. Lyons, who on April 20th, 1906, in far away Arizona, dropped into that dreamless sleep whence there is no awakening save in Eternity:

Be it therefore resolved, That we, Paris Division No. 1, A. O. H. while bowing in resignation to the decree of Providence, so greatly deplore the death of Brother Lyons, in the prime of his manhood, and that we recognize the irreparable loss we have sustained in his death, as a worthy Hibernian, a useful honorable citizen, a loyal Catholic and a faithful friend; that in all relations of life he exemplified in his daily conduct the cardinal principles of our order, viz: Friendship, Unity and Christian Charity.

Be it further resolved: That our order take cognizance of, and emulate his noble qualities of head and heart, and that we extend our sympathy and condolence to his bereft mother and brothers in this sad hour of their deep sorrow, and that in token of respect to his memory that this order wear a memorial badge for thirty days.

Resolved, That the order hereby voices its heartfelt appreciation of the kindly conduct of Mrs. Carl Crawford, who with woman's sympathy ministered unto our brother, whilst he was far away from the scenes and associations of home, and who performed a loving service, a kindness so unselfish in its effects, that we Hibernians, shall ever cherish her generous act in accompanying the remains, as an unfading reminder of her true, womanly and sympathetic tenderness.

Resolved, That the sincere thanks of the order are hereby tendered to all the noble friends and societies, who ministered and officiated in any way to the comfort of our deceased brother, and that a copy of these resolutions be spread on the record book of our division, to express in a public manner our deep sympathy and sincere sorrow, and that copies of same be sent to the family of the deceased, to Mrs. Carl Crawford, to the National Hibernian and to each of the county papers.

### Card of Thanks.

I desire to take this means to thank Rev. Father Cusack and Rev. Father James Gorey, the kind sisters, Mrs. Kenney and Dudley, the Hibernians, Eagles and Red Men, and all of the friends of my son, the late Geo. T. Lyons, for their kindness and their beautiful floral offerings sent. And I also desire to thank dear Mrs. Crawford for her kind attention to my son in his last illness at Tucson, Arizona.

### ANGEL OF THE PRISON

Has a Record As a Confederate Spy, Crook and Gambler.

Col. Albert B. Ward, one of the best known prison characters in the country, has just been released from the Northern Indiana prison at Indianapolis, and is to begin life anew under the patronage of George A. H. Shideler, a former warden of that institution, and a man whom Ward has fleeced on several occasions. Ward is 73 years old, tall, vigorous, and unbent with age, courtly in appearance and manners.

In the penitentiary Ward was known as the prison angel. Night after night he was accustomed to sit by the bedside of some dying convict, and sooth him with gentle words and hopes of a future life. He has turned from the couch to write messages of cheer to the relatives of the convict whose last hours were lightened by his care. Every convict who came under his care was made a better man, and there was not a guard or employe about the prison who did not feel honored by being received into Ward's confidence.

Ward received the title of Colonel while employed by the Southern Confederacy as a secret service officer. He made many trips to the North on secret missions, and was one of the most feared men on the Southern secret service staff. He was captured and sentenced to death as a spy, but was later pardoned by Abraham Lincoln.

Immediately after the close of the war, Ward equipped a palatial gambling boat and operated it on the Mississippi river for two or three years. Leaving the river he went to New York city, and one night dropped into Phil Daly's gambling house. It is said that when he cashed in his checks he was a winner to the amount of \$35,000.

From a gambler Ward degenerated into a confidence man and later into a forger. His appearance was so distinguished and his manners so exceptional that it was impossible to escape detection and arrest, and for the last thirty years his time has been spent mostly in prisons. In 1898 he was sent to the Northern prison for forgery, from which place he has just been released.

## PRIZED "LID" A WEE BIT

**And Saloon Firm Was Fined \$35 in Police Court.**

Especial interest was directed to Judge Hinton's Court yesterday morning on account of the trial of the first case for violating the Sunday closing law since Mayor O'Brien put the "lid" on. Judge Hinton asked City Attorney Grannon for his construction of the Sunday closing law, saying that he desired to be fair to everybody and wanted to be sure in regard to the law on this question. Mr. Grannon said it was plain enough and read the ordinance, which is the same as the State law, and stated that he construed it to mean that a saloon keeper could not open the doors of his saloon on Sunday for any purpose. Mr. Stout Leer was then fined \$25 and costs and his partner, Mr. Newt. Current, \$10 and costs. Mr. Current had not been in the saloon, but if one of the firm opens the saloon the law holds both as equally guilty.

**Sunday School Rally at Baptist Church Sunday**

Sunday was a glad day at the Baptist Church in this city. The Sunday School rally was a decided success. Dr. E. L. Stephens, the efficient Superintendent, was assisted by Messrs. Sam Kennedy, Silas Bedford, J. T. Martin and others. The children acquitted themselves handsomely. The school gave \$60 to missions. At the morning service the pastor presented the cause of missions to his people and they gave as never before. They have given this associational year \$500 to missions, nearly all of which has been paid. We are told that the Baptist women are giving up cards and dancing and consecrating themselves to God, that their earnest pastor, Rev. Clarke, has convinced them that they can't serve the devil and the Lord at the same time. May they soon occupy a new and beautiful church building.

### TIE-UP BROKEN.

**School Board Elects George W. Chapman Superintendent.**

The tie-up in the Paris City School Board was broken Saturday night at a meeting held in the office of Dr. Frank Pithian by the election of Prof. Geo. W. Chapman, of Madisonville, Superintendent, and re-electing Prof. J. S. Johnson principal.

The tie was caused by three members of the board, Arnsperger, Templin and Haggard insisting on the re-election of Prof. J. A. Sharon, after the gentleman had offered his resignation. The other three members, Pithian, Brent and Dow desiring a change. On Saturday evening, however, the members seemed to have gotten together and settled the wrangle by electing Prof. Chapman on the first ballot by a unanimous vote.

Prof. Sharon has made many friends here since taking charge of the school four years ago, who regret to have him leave when the school is in such a flourishing condition, and we take pleasure in endorsing him to the people of the community wherever he shall locate as a gentleman and as an educator, one who is wrapped up in his profession and all educational matters.

We do not know the particulars of the trouble that caused Prof. Sharon to resign and do not care to know, for we believe the members of the School Board are deeply interested in building up the school and we do not believe it right to go into the private workings of the Board, but we feel it due to the members who were against Prof. Sharon's re-election to state that they were grossly misrepresented by the Lexington Herald when it published that they were against the gentleman through malice. We are reliably informed that no malice whatever was ever displayed in the matter, but on the other hand all had a kindly feeling for Prof. Sharon.

Prof. Chapman comes highly recommended as an educator and gives up a school of 700 pupils to accept this position, and will no doubt make a Superintendent that will give entire satisfaction to the Board, patrons and scholars.

### My Sentiments, By Gosh.

The most generally copied and properly credited editorial among the papers out in the State in many a day is this one by that prince among all men, Louis Landrum, of the Lancaster Record:

"The newspaper men of Kentucky were never bound so closely together as now, and when their proposed warfare on cheap John politicians and burr-tailed legislators begins, you may look for a rattling of dry bones, the like of which has never been witnessed. Instead of serving as the door mat of the community, as in former years, the newspaper men of Kentucky to-day are the most independent set of professional men in the State. They think and act for themselves, and are led by the nose by no man or set of men."

McCreary Announces.

The Senatorial race in Kentucky was formally opened Wednesday night, when Senator James B. McCreary, who is now in Louisville, announced that he expected to win the race and succeed himself in the Senate.

When asked what he thought of the present situation regarding the next Senatorial race in Kentucky, Senator McCreary said:

"I am very much pleased with the prospects. I believe that the large majority of the Democrats in the State are for me to succeed myself. I tried to be faithful and efficient in office when I have been honored by being elected. Almost without exception Democratic United States Senators have been given a second term and I believe they will give me a second term."

While Gov. J. C. W. Beckham has not yet announced that he will be a candidate for Senator from Kentucky, it is understood that he will be in the race, and his friends are already working for him. It is said that they are preparing to throw all their strength and efforts to him, and that an announcement of his candidacy may be expected within a short time.

Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous exhaustion or prostration, another with pain here and there, and in this way they all present alike to themselves and their all present and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated, teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve medicine, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

Lark, dam of six in 2:20 list and eleven in 2:30 list, and first only mare with such a distinction.

In a table of all the great brood mares published, Lark, the dam of Sunland Bourbon, was the only one with six in 2:20 and eleven in 2:30 list. Think of it!

When you consider breeding, individuality, and the kind of colts he gets, Sunland Bourbon's fee is lower than any stallion we know of.

If you want a fine team, a good road horse, a high actor, all having speed breed your mare to Sunland Bourbon. It is well-known he gets the above kind.

Sunland Bourbon made quite a reputation last year as a great road horse, and those who saw him go now know that his record is no measure of his speed.

## Carpets, Rugs, Mattings, Lace Curtains. Spring of 1906.

Values That Are Unsurpassed.

Scarce three years have passed since THE RACKET opened its Carpet Department, yet in this brief space of time it has grown to be one of the largest and most popular Carpet Departments in Central Kentucky; and wherever our goods have gone the story has been one of satisfaction. The high standard of quality and lowness of price which we have maintained in the past will be fully maintained in the future. You will find Mr. Hugh Hicks in charge of this department.

Mattings.	Carpets.	Rugs.	Linoleums.	Lace Curtains.
Our own importation direct bearing our own brand, "J. D. P." The prices at which we are offering China and Jap Mattings is much below what they are actually worth, but we are willing to share our profits with you when we make fortunate deals.	Dainty in design and coloring and at prices lower than elsewhere. Ingrains, Brussels, Velvets, Axminsters, Body Brussels. See our stock and prices.	An assortment equaled by few, surpassed by none. Smyrnas in all sizes. Axminsters in all sizes.	Our stock embraces all grades from the cheapest to the best inlaid goods. For cheapness and durability linoleums cannot be excelled.	Never have greater varieties been shown; never have better values been offered; never have prices been so low. In fact, there is no room for improvements in the bargains that we offer for this spring in lace curtains.

### GENERAL NEWS.

One result of the San Francisco disaster is surprising, that of weddings. A great number have resulted. Women driven out of their homes and left destitute have appealed to the men to whom they were engaged, and immediate marriages have been effected.

Of the one hundred and five counties in Kansas, eighty-five are without a pauper, twenty-five have no poorhouses and thirty-seven have not a criminal case on the docket. Women in the State attribute this condition to the fact that they have had full municipal suffrage since 1887.

It is now said that the earthquake may deter Congress from adopting the lock system for the Panama Canal, though, it is stated, without reason, for Panama is not an earthquake region. Former Chief Engineer Wallace says that the ruin of a church 200 years old is near the route of the canal and it includes an arch so flat that it is fabled to have been built by miracle. He feels sure that any thing like an earthquake would have thrown it down.

### The Coming Congressional Race.

A dispatch from Frankfort says: "Democrats here and elsewhere in the State are deeply interested in the race for the Democratic nomination for Congress in the Seventh district. While there are several candidates, the two most formidable ones are said to be Representative South Trimble and W. Preston Kimball, of Lexington. Mr. Trimble is fighting for a primary while his opponent favors a convention. However, Mr. Kimball's friends say that in a primary he would be an exceedingly hard man to defeat for the reason that the vote in Lexington and Fayette county would be sufficiently large to offset any majorities which Mr. Trimble might get in the counties where he expects to win his fight. The contest will be a lively one from start to finish."

### Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me. Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at Oberdorfer's drug store. Price 50c and \$1 a bottle. Trial bottle free."

### The Naked Truth.

A man may use the mole on the back of his neck for a collar button; he may ride a freight to save three cents a mile; he may light the lamp with a splinter to save matches; he might stop his watch at night to save wear; use a period for a semicolon to save ink, and pasture his grandmother's grave to save hay, but a man of this kind is a scholar and a gentleman compared to a man who will take a newspaper and when asked to pay for it put it back in the postoffice marked refused.—Exchange.

### DANGER FROM THE PLAGUE.

There's a grave danger from the plague of Coughs and Colds that are so prevalent, unless you take Dr. King's New Discovery for Consumption, Coughs and Colds. Mrs. Geo. Walls, of Forest City, Me., writes: "It's a Godsend to people living in climates where coughs and colds prevail. I find it quickly ends them. It prevents pneumonia, cures la grippe, gives wonderful relief in Asthma and hay fever, and makes weak lungs strong enough to ward off consumption, coughs and colds. 50c and \$1.00. ### A YOUNG MOTHER AT 70.

"My mother has certainly been made young at 70. Twenty years of intense suffering from dyspepsia had entirely disabled her, until six months ago, when she began taking Electric Bitters, which have completely cured her and restored the strength and activity she had in the prime of life," writes Mrs. W. L. Gilpatrick, of Danforth, Me. Greatest restorative medicine on the globe. Sets stomach, liver and kidneys right; purifies the blood and cures malaria, biliousness and weaknesses. Wonderful nerve tonic. Guaranteed by Oberdorfer, the druggist.

### GOOD for OLD and YOUNG

August Flower keeps the children healthy and strong. Full of vigor and frolic the whole day long. So when Mamma needs more they rush off in high glee. And shout to the druggist: "Please give it to me!"

Inability to get up brisk and fresh in the morning, lack of appetite, pallor, muddy complexion and poor spirits—these all indicate a disordered stomach and bad digestion—in adults and children, too. They also indicate the urgent need of taking Green's August Flower regularly for a few days. It's a reliable old remedy for all stomach troubles, never fails to cure indigestion, dyspepsia and chronic constipation, and is a natural tonic for body and mind. Two sizes, 25c and 75c. ### Not the Least Glimmer of Doubt

There is not the least glimmer of doubt about the savings and the satisfaction that accompany every purchase made at The Fair. All our energy and experience and resources are concentrated on the one point of eliminating that doubt. Wherever we can see a chance to effect a saving, equally for you and for us, we labor long and hard to place ourselves in a position to grasp such savings. Wherever it is possible to eliminate the middleman's profit by buying direct from the makers, we do it. Wherever larger quantities will bring us a substantial price concession, we buy those larger quantities. Whenever there is an extra discount for spot cash, we pay spot cash and secure that extra discount.

All these things help us to help you to save, help us to sell at lower prices than common, without any sacrifice of goodness or reliability.

Let your eye glance down this little list. Is there a thing in it which you would be likely to buy quite as cheap elsewhere:

—The many friends of Mr. and Mrs. John Auxier will be glad to learn that they have returned once more and expect to cast their lot in the future near Millersburg. Mr. Auxier has purchased the farm of Mrs. Mollie Cray, on Brushy fork, but does not take possession until next March. In the meantime they will board with Mrs. Auxier's parents, Mr. and Mrs. J. B. Cray.

—The temperance meeting at the Methodist church and the Easter exercises by the little folks of the Christian church were well attended Sunday evening. The last named meeting was unavoidably carried over from Easter Sunday.

—Elder P. F. King and wife, Mrs. W. M. Miller, Dr. H. C. Burroughs, Misses Julia Carpenter, Bell T. Judy, of the Christian church, attended the meeting of the Sunday School Convention and Woman's Board of Missions at Cynthiana Thursday and Friday.

—Rev. M. Clark, of Butler, who has been conducting a meeting at the Methodist church for the past two weeks was called to his home the second time Saturday morning, on account of sickness. There were seven conversions and several additions to the church during the meeting. Rev. Clark is a forcible speaker and left a good impression.

### Twenty-Four Hours Late.

The Lexington Leader says: "Grand Secretary Elliott and the writer were invited a few days ago to visit Paris and assist in conferring the Royal Purple degree, the work to conclude with a banquet. Both accepted and hied themselves to Paris, where to their dismay they found out they were just twenty-four hours late, as the fun was the night before."

### SAILED 2,000,000 MILES.

**Remarkable Record of Capt. Alexander Simpson.**

Capt. Alexander Simpson, of the Aberdeen liner Moravian, which called at Plymouth the other day homeward bound to London from Sidney and the Cape, is on his 71st voyage out and home from Sidney, a record that is believed to be without parallel in the history of the British mercantile marine. He has been doing the voyage for over forty years, and has covered altogether about 2,000,000 miles without a mishap. For the last 18 years he has been experimenting with regard to the set of ocean currents, and hundreds of bottles placed in the sea by him have been returned from all parts of the world.

### Candidate for Secretary of State.

While passing through Lexington Monday morning enroute to Wilmore, to hold a Farmers' Institute, Hubert Vreeland, the State Commissioner of Agriculture, authorized his friends to announce his candidacy for Secretary of State in the forthcoming Democratic primary. This makes two candidates out in Louisville for the same office as it is a well known fact that State Senator Laban Phelps, of Jefferson county is also a candidate.

### Why He Laughed.

Jenks—Why on earth did you laugh so heartily at that ancient jest of Borem's? Wise—in self defense. Jenks—In self defense? Wise—Yes; if I hadn't laughed so, he would have repeated the thing, thinking I hadn't seen the point.—Kansas City Independent.

### A Change.

Of the twenty-six barons who signed the Magna Charta three wrote their names and twenty-three made their mark. This is all changed now. Every baron can write, but only a few succeed in making their mark.

### Franklin the Citizen.

Franklin was particular about the way of doing business. He was particular about the way in which he made his money. When he first started his newspaper in Philadelphia his rival was Bradford, who in addition to publishing a paper was postmaster general of the colonies. Bradford used his authority as postmaster general to practically exclude Franklin's papers from the mail by forbidding the post riders to carry them. Franklin shortly after succeeded Bradford as postmaster general. Here was the opportunity to build a monopoly and crush his old rival, but the thought never seems to have entered his head that the newspaper business of the colonies belonged to him. He says of Bradford in his attempt to crush Franklin's newspaper, "I thought so meanly of him for it that when I afterward came into his situation I took care never to imitate him."—American Illustrated Magazine.

### Fond Memories.

A hard-hearted old Pittsburg manufacturer, who made his fortune, as he expressed it, "with his coat off," was induced by his daughters to accompany them to a Wagner concert, the first he had ever attended. The next day he happened to meet an acquaintance who had seen him the night before, who asked:

"I suppose you enjoyed the concert last night, Mr. Brown?"  
"Yes; it took me back to the days of my youth," the old man said, with a reminiscent sigh.

"Ah, summer days in the country, girl in a lawn dress, birds singing, and all that?"  
"No, the days when I worked in the boiler shops in Scranton."

### Woman of Great Generosity.

Mrs. Hugh Crum, a wealthy property owner of San Francisco, reported to the relief committee recently, that all her income bearing property had been destroyed, but that she had a little money in the banks which she proposed to divide equally with the relief committee. She therefore subscribed \$10,000 to the relief fund.

### WIRELESS TELEPHONING

In Common Use on Japanese Fleet During Late War.

A new system of telephoning without wires has been rumored in Vienna, Austria, during the past few days, and this has brought out the circumstantial statement that wireless telephoning is actually in common use in the Japanese fleet, which has for some time employed it even for long distances, in complete security against "tapping" or confusing external influence. The inventor is stated to have effectually safeguarded his system against all dangers of this kind. The inventor is M. Kimura, a Japanese naval engineer, and the system is the exclusive and secret property of the navy.

I don't like a religious theory that teaches class legislation in heaven. God can, justly, have no special blessings for special people who believe special things.
